

**Simple. Smart.  
Efficient.**

# Innovative Features For Demanding Applications:

Advanced controller

In-built and intelligent connectivity

State-of-the-art rotary screw technology

High-efficiency gear transmissions with an IE3 motor

Canopy built for quiet operation

Model	Motor (HP)	Capacity FAD*	Capacity	Weight (kg)		Dimensions (LXWXH) mm	
			cfm	FM	TMD	FM	TMD
CPI15	15	32	68	396	712	1250 X 870 X 1265	1980 X 870 X 1891
CPI20	20	47	100	408	722		
CPI25	25	60	127	426	764		
CPI30	30	65	138	448	786		

Note \* Unit Performance measured according to ISO 1217 Ed 4 2009.
